updated 2. 7. 2024 | published 2. 7. 2024

Summary

I made this part after having once replaced the OEM tie-down only to have them break again in a year. Hope it helps you.

This part is designed after the original ATC tiedown strap for the rear cargo rack. You'll definity need TPU for this guy. Likes and saves get me more filament. Thanks! Scale to suit your filament Elasticity.
