Summary

Dual internal system for air filtration, when printing on ABS or other types of more toxic materials

[3D Printers](#) > [Creality Parts & Upgrades](#)

I don't know if it's suitable for normal k1

I didn't test it in the right position on the k1max, but I use the side fan upside down to filter and circulate the air

This remix is based on

k1 - k1 max Side fan air filter
