Tags: [gridfinity](#)

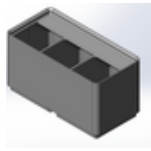

A Gridfinity (By Zack Freedman) module to hold some toothpicks.

Shown with <https://www.printables.com/model/529158-toothpick-weapons> by CopaCat

A remix of <https://www.printables.com/model/252022-parametric-gridfinity-solidworks> by EllieWhoMakes

I modeled this in SolidWorks and printed in PLA, at 0.24 layer height with 2 walls and 15% infill. Seems sturdy enough to survive at my office desk.
