### Summary

Fish feeder with lead weight inside

[Hobby & Makers](#) > [Other Ideas](#)

Tags: [feeder](#) [fishing](#) [gadget](#) [hobby](#) [fish](#) [fishfeeder](#)

Fish feeder. In files you can also found model of weight, which is supposed to stamp into the sand and pour a lead weight. You need to make a scheduled break in slicer and put weight inside the model and then cover it with the rest of the model. Good luck with your fishing ;)

**MATERIAL:** PLA

**INFILL:** 40%
