This is a remix from <https://www.thingiverse.com/thing:5150777> Only thing I adjusted is the top parts, where I've putted AA or AAA text on the lid.

I printed this in PLA. This works great, but I did print the clip part with 90% infill, otherwise that part is a bit weak.

## Print Settings

### Printer Brand:

Crealitiy

### Printer:

Ender 3 Pro

### Rafts:

No

**Supports:**

No

**Resolution:**

0.2
