Summary

This is two brackets to attach the Winwing A320 FCU.

[Gadgets](#) > [Other Gadgets](#)

This is two brackets to attach the Winwing A320 FCU unit to an Honeycomb Alpha or Bravo. It also can be placed partially under a monitor stand to hold the unit in place. Let the user push and pull buttons without any problems.

Requires 4 x M4x8 (or M4x12) to attach to an Honeycomb device. Optional is 4 x M5x8 which is a bit shorter than the M5x12 provided with the FCU unit. Those M5x8 fits more nicely within the brackets.
