Summary

This model extends the original model for storing screwdriver bits.

[Household](#) > [Other House Equipment](#)

Tags: [screw](#) [bits](#) [bitholder](#)

This model allows the boxes to be adapted to store screwdriver bits. It contains the original parameters and additionally the parameters to generate the holes containing the bits have been added, allowing it to be used for different bit diameters:

- `hole_diameter`: Diameter of bit.
- `hole_space_x`: Space between holes in x axis
- `hole_space_y`: Space between holes in y axis
- `hole_height`: Hole height
