Summary

Now coasters with The Avengers, Shield and Hydra logos

[Household](#) > [Kitchen](#)

Tags: [coasters](#) [avengers](#) [coaster](#) [hydra](#) [shield](#)
[coasterset](#) [avengerslogo](#)

A new set of coasters following the model of the [previous one](#), but with a not so generic theme, the logos of at least 3 Marvel groups or organizations, which at least in the MCU are closely related.

The size is the same, then the [coasters box](#) I designed work fine with this coasters too.

The outer edge allows you to complete it with epoxy resin to give it a better support

The change of filamente are at level 21 and 41.

And if you found this design useful or interesting, [maybe you want to buy me a coffee](#) (which is always appreciated), or download the design and give it a like (which helps collect Prusameters)

This remix is based on

Coasters with Marvel logos
