### Summary

A tighter fitting case for the BigTree HDMI7 display with a 90 degree HDMI & USBC connectors and a speaker too.

I wanted a case for the BigTree HDMI7 with a tight fitting small bezel and could handle 90 degree connectors out the back as well as a speaker. The mount points are the same as other designs, but I've added my own mount too. The SolidWorks design files and STL files are available for you to enjoy.
