

## Filament Roller Remix + Junction (for 608zz bearings)

[VIEW IN BROWSER](#)

updated 23. 8. 2024 | published 23. 8. 2024

## Summary

Filament Spool Roller side made for 608zz bearings. Junction to hold 2 rollers together.

[3D Printers](#) > [Accessories](#)

Tags: [spool](#) [filament](#) [roller](#) [608zz](#)

For each spool you will need to print the side 4x and a single junction piece.
