new holder for my knaus caravan rollo .. the old one cracks because they are over 20 years old :-)

it is not really a remix, but it inspired me to made new one :-D
the original design from knaus is very bad to print with to much waste and it comes out in an not acceptable quality .. so my design is straight forward an easy to print :-)

have fun with it ..

PS on the photo you see version v1 if you download it you will have v2 .. the latch in the middle is smaller to fit better :-)
