Mounts a 4010 blower fan to a 1515 extrusion. Mainly targeted at under the Micron printer bed. But could be used in other orientations as-needed.

I never printed one of these, seems that it needs supports.

BOM (simply modified to have one blower less, hope I altered correctly):

1x 4010 Blower

2x m2x8 screws

2x m2 heat set inserts

1x m3x6 bhcs

1x m3 hexnut
