### Summary

Is it a basket? or a sword? No! its a tractor beam! A new look to telescoping toys, A UFO!

[Toys & Games](#) > [Vehicles](#)

Tags: [toy](#) [space](#) [telescope](#) [spaceship](#)

The Rings can be separated by careful bending but will not fall out unless printed incorrect. I originally made this toy when I made the Space Ship with expanding fire. I decided to make my own counter part, The UFO!
