\*\*\* **IMPORTANT** \*\*\*

**This insert is for a metal box with inner step !**

Not all the boxes worldwide are the same dimensions, thats also a reason why I made my own model.

**Please measure your box before printing - suitable dimensions: 121x121mm.**

Handle to the lid is glued, tolerance is intentionally loose for easy manipulation, lid will be hold by the main box lid.

Pearl trophy - marker, is possible to be printed separately with multicolor, or just steal a proper nailpolish from your wife/daughter :)

Have fun <3
