Summary

Project box for a breadboard with ESP32 and some additional hardware.

[Hobby & Makers](#) > [Electronics](#)

Project box for a breadboard with ESP32 and some additional hardware.
There are holes on each side for cables.

Size of the box is 80x59x22mm, size of the part where the project can fit is 77x54.4x20.5mm.

I supplied a 3MF with the slicing settings required to get the honeycomb pattern.
