This phone charging stand prints on it's side with no supports and features a cool knurled pattern on the backside! It provides a perfect viewing angle for watching YouTube or checking your email!

Check out the new side accent version too! *

The holes allow enough room to route most factory style charging cables through and under the stand, but you may have trouble fitting thicker, aftermarket cables.

Are you interested in selling your prints of my designs? Join my [Printables Club](#), and start making with your idle printers!

This item is very easy to sell by creating color themes that match schools, teams, and functions!

Enjoy! G3DP
