Fridge mounted holder for up to seven Octopus Chip Clips (<https://www.printables.com/model/619917-octopus-chip-clip-remix>)

One of the first things I printed was some of the little Octopus Chip Clips. They worked great, but I needed some way to keep track of the ones not in use. so I threw together this. Its simple, with six 6x2mm magnets(glue in) to stick it to the fridge. Its not fancy, but it does its job
