## Summary

Modular case for a Raspberry Pi 5 and Standard SSD

[Learning](#) > [Engineering](#)

Tags: [raspberrypi](#) [raspberrypicase](#) [raspberrypi5](#)

This is a modular housing for a Raspberry Pi 5

It can be used as a stand-alone housing or optionally on the housing for a standard SSD 100x70x7 mm.

Several SSD housings can be attached

The housing is compatible for a Raspberry Pi 5 and the official active fan of the Foundation.

An NVME Hat "Geekworm X1003 PCIe to M.2" also fits in without any problems.

The SD card can be accessed through a recess in the rear section.

The on/off switch can be operated using the pin.

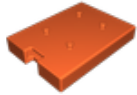

Required material:

8 Screws M2,5 x 6mm
