Summary

Reinforced Breech Lifter for the Yeethammer Nerf blaster by Spyr

[Toys & Games](#) > [Outdoor Toys](#)

I got a little too excited while using my Yeethammer and kept breaking the Breech Lifter pins.

As a result, I modified the breech lifters to be reinforced by an M3 screw or bolt so you can Yeet to your heart's content without fear of snapping them.

Requires:

2x M3 x 10mm Countersunk screws

OR

2x M3 x 8mm Countersunk bolts

Printer settings:

- 4 Walls
- 4 Top wall
- 4 Bottom wall
- 15% Gyroid infill
- No supports needed
