Essa grade alem de proteger o cooler fan ela tambem é afastada das helices, ela tbn tem um encaixe perfito para não ter erro. .

RECOMENDAÇÃO: NÃO precisa apertar de mais os parafusos quando instalar. Obrigado espero que gostem ;D

EN(google tranlaste): This grille, in addition to protecting the cooler fan, is also kept away from the propellers, it also has a perfect fit so there is no error. . RECOMMENDATION: DO NOT need to over tighten the screws when installing. Thank you, I hope you like it ;D
