Transform your space with a touch of nature!

Print recommendation:

- It is recommended to use a lower layer height (0.15/0.2mm) to obtain better detail results.
- Planter size 100x100mm
- The model is scalable

For example:

1. If you want 70x70mm, just put 70%
2. For 150x150mm, put 150%

Enjoy printing!
