[deadofwinter](#)

This organizer for dead of winter (core game, no expansions) includes:

- Card deck for crossroad and crisis
- Card deck for location items
- Misc card deck: survivors, initial items, objectives, secrets, etc.
- Double box storage for tokens (print x3)
- Dice box
- Standing storage for survivors and zombies

In the 1st version for standing survivors, they were very tightly packed, and it was uncomfortable to take them out. However, it saved a lot of space in the box.

In the 2nd version, they are neatly organized and it is easy to take them out when playing. Also, it's a little bigger than the 1st version, use whichever you find more suitable for you.

The box lid is slightly raised, barely noticeable.

Free blood patterns included for aesthetics.
