### Summary

Needed a set of plastic parts for the frame of my Isabella Commodore 650 caravan awning.

[Hobby & Makers](#) > [Automotive](#)

Tags: [commodore](#) [caravan](#) [awning](#) [isabella](#)

Corners and centre piece, plus bayonet couplings and the wing mounts for the front frame.

All parts except wing mounts made by me, wing mounts from thingiverse model.

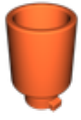

Print with high infill, works best with organic supports.

Bayonet coupling is a bit tight, but that's to make sure it does not fall out by accident.
