Summary

Designed to hold 4 Pilot G-2 pens.

[Household](#) > [Office](#)

Tags: [penholder](#) [pens](#) [pilot](#) [penstand](#)

First models I have designed myself after getting into 3D Printing!

I designed these models to hold 4 of the Pilot G-2 Pens. There are two versions, after creating the first, I got a suggestion to make one like those illusion wine holders.

Printed on a Ender 3 V3 SE.

- 0.2mm layer height
- 10% infill
- No supports required

Any feedback is welcome as I am still learning!
