Tags: [articulated](#) [flexible](#) [flexi](#) [printinplace](#) [bear](#)

An articulated **Bear** with 10 joints that prints in place without supports.

No assembly required.

Robust, posable and fun to play with.

The complex shape of the first layer requires good bed adhesion, so clean your plate and consider adding a brim.

Enjoy!

This Bear is part of my Flexi-animal series. Please have a look at the other models!
