Summary

A great and beautiful illusion. A very peaceful sculpture to place on a desk, or to simply use as a decoration.

This is a recreation of a sculpture by 'Bobby Duke Arts' on YouTube. more info: https://twistedsifter.com/2018/01/bobby-duke-sculpts-floating-coffee-cup/#google_vignette

The print might be a little difficult to balance, so I would suggest either printing the lower piece with a higher infill percentage to give it more weight or fixing it down to a base.

This piece is very 'delicate' and beautiful, so I would suggest placing it in your kitchen, or on your desk, but whatever suits you.
