Summary

Remix of a great box for Prusa Nextruder nozzles. Labels are customizable in PrusaSlicer.

[3D Printers](#) > [Accessories](#)

This is a simple storage box for Prusa Nextruder nozzles, remixed from the excellent design by [Klaus](#). I made the following modifications:

- Removed V6 nozzle storage (Prusa nozzles only)
- Removed labels from model and replaced with labels in PrusaSlicer for easier customization
- Trimmed lid to match new box size
- Recreated hexagon pattern on lid without text
- Prepared box and lid for MMU printing in PrusaSlicer

Onshape model: [Nextruder Nozzle Box & Lid](#)

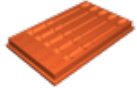

This remix is based on

Prusa Nextruder Nozzle Box
