

# BMWi3 Smartphone Holder

JD\_Design

[VIEW IN BROWSER](#)

updated 25. 7. 2024 | published 25. 7. 2024

## Summary

I redesign this from a base design of the original bottle holder. It fits very well. No unwanted movement.

[Hobby & Makers](#) > [Automotive](#)

Tags: [bmw](#) [phoneholder](#) [holderphone](#) [bmwi3](#)

Printing without support possible.  
I used PLA black and the Bambulab X1C.

It fits very well, without any unwanted movement.

Its free to private use.
