Summary

Plate to protect the electronics and give the already nice ROOK a nicer look.

[3D Printers](#) > [Other Printer Parts & Upgrades](#)

Plate to protect the electronics and give the already nice ROOK a nicer look. All I did was add the LDO logo to the already awesome plate created by Kanrog. as with original it can be printed with a color swap to give it a even better look.

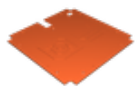

This remix is based on

Plate for Rook MK1 [MK1]

by Kanrog Creations
