### Mouse trap trigger details:

it has a bait box to put bait so the mice can't easily take the bait without setting the trap.

### assembly:

1. First print it out on your printer.
2. remove support and brim.
3. take your mousetrap and remove the old trigger with the wire (picture below)

4. put some new wire thru your trigger and bend it the same as the original

5. glue it in place.

**what bait to use:**

1. peanut butter
2. tootsie rolls
3. chocolat
4. nuts
5. reeses peanut butter cups
