Bedside table too small?

Tired of tossing your accessoires to the ground when trying to grab them in the dark?

Hook this container to the side of your bed to have your glasses, hankies, etc. always at hand.

Printing:

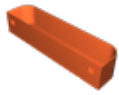

- Bed-storage-hook: Two parts required.
Prints without support (print sideways, so it looks like an “U” from above).
- Bed-storage-container:
Enable supports for the rectangular holes.

Version 02: Different sizes and profiles for the hooks. FreeCad model files included.

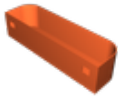

Version 03: Different sizes of the container (for smaller printers). Reduced

height of the stoppers, so the hangers snap easier into the container.
Version 04: Reorientated hooks for printing.
