Gridfinity tray for the Wolkenkraft Äris & Äris Ultra vaporizer.

You can use this with a rugged Gridfinity box ([Link](#)).

Storing of the herb capsules and also the accessories is possible.

Tight fit, i used a thin band under the vaporizer to remove it easier.

Update 03.08.2024, got my hand on a Wolkenkraft Äris non Ultra, it will not fit in the Äris Ultra tray. So there is now a separate tray for the non Ultra.
