Summary

Garage Door Sensor Mount

[Household](#) > [Other House Equipment](#)

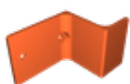

Tags: [garage](#) [garagedoor](#) [hoermann](#)

A simple mount for attaching a sensor to a Hörmann LPU42 garage door. I used a SonofflDoor Sensor ([amazon](#)) and a Neodymium Magnet ([amazon](#)). It works great.

- SonofflDoor Sensor ([amazon](#))
- Neodymium Magnet ([amazon](#))
