Miniature Markers "A"- "F" for 1" or scale up to 200.8% for 2" miniatures I've updated the downloads and included a holder. Stands upright and has a cutout on bottom to add a 40mm washer to add weight. Also a cap that has a recess for 10mm magnet to make storage easy. There is also a 10mm magnet recess in top of post to allow cap to magnet to post.
