Summary

A simple slide on holder to firmly grasp onto normal sized cans!

[Seasonal designs](#) > [Summer](#)

Tags: [kayak](#) [paddleboard](#)

The best can holder!

Has a super snug fit and prints really nicely. I made mine out of PLA but I'm sure ASA would be perfect for the UV resistance.

PRINT SETTINGS:

-No supports needed

-0.2mm Layer height

(Not too specific. Really whatever works your printer as its a fairly simple model)
