updated 27. 7. 2024 | published 27. 7. 2024

Summary

This will let you put a item on the display and list the price above it

[Hobby & Makers](#) > [Tools](#)

Tags: [display](#) [price](#) [item](#) [sell](#) [pricedisplay](#) [itemdisplay](#)

The first two rows on the bottom are faced up and the top row is just straight.

this has bin optimized to use as little filament as possible but at the same time being strong.

V1.1
