The perfect molds for your dinosaur loving kids when you go to the beach or a sand bar.

- Ignite your child's imagination with our set of Dinosaur molds. It's perfect for beach adventures or sandbox play.
- Unleash your child's creativity with how they play and enjoy their day at the beach.
- Our dinosaur set is an ideal choice, offering endless entertainment and imaginative play.

I recommend not sizing down since there are small sections in the prints that sand will get stuck in.
