The perfect molds for your construction loving kids at the beach or sand bar.

“I'm an excavator ”

- Ignite your child's imagination with our set of Construction sand molds. It's perfect for beach adventures or sandbox play. You do need to have wet sand to get the molds to work.
- Unleash your child's creativity with how they play and enjoy their day at the beach or in their sand box.
- Our construction vehicle set can offer endless entertainment and imaginative play.

I recommend not sizing down since there are small sections in the prints that sand will get stuck in.
