updated 17. 12. 2021 | published 17. 12. 2021

Summary

A dog themed stop sign with to holes for 12x2mm magnets to be glued to the back.

[Household](#) > [Pets](#)

Our dog was having a hard time knowing if the screen door was open or closed. You can print two of these signs and use the magnets to stick them to eachother on both sides of the screen.
