Tags: [spool](#) [enlarger](#) [minispool](#) [bambulab](#) [ams](#)

This spool enlarger can be screwed onto 250g mini spools in order for them to fit into the Bambulab AMS.

Fits mini spools with the following measurements:

- Inner hole diameter > 50mm
- Spool width between ~ 38mm and ~ 47mm
- Outer spool diameter doesn't matter

I only tested with a layer height of 0.2mm - not sure if higher layers work out for the thread of the screw part.
