### Tips for printing:

- **Supports:** Yes (tree)
- **Layer height:** 0.16mm (optimal)
- **Wall loops:** 3
- **Infill:** 15%
- **Seam position:** back
- **Wall generator:** Arachne
- **Detect thin walls:** -
- **Brim:** Yes

### Colors and filament I used (3 Color Version):

- **PLA / White-** for the body
- **PLA / Black-** for the eyes
- **PLA / Brown-** for the feet and face

**Or decide for yourself which colors and how many you want to use!**

**When you decide to print my multicolor Pre-Sliced (3mf file) for BambuLab I would recommend printing several models at once, not just one, to reduce waste!**

**Happy printing!**
