Tags: [lamp](#) [step](#) [spot](#) [hue](#) [bulb](#) [spotlight](#) [philipshue](#) [stepfile](#) [gu10](#)

For the design of a lamp, I needed a Hue GU10 spotlight. To achieve this, I first created a dummy of a Hue GU10 spotlight, which I am making available for your further use.

The dummy is intended less for printing and more for use in creating other designs. Therefore, I have included a STEP file.

**I am looking forward to your Makes! :-)**

If you like this design, feel free to check out my others [here](#).
