A protective case for Scratch Wars weapons, since they don't fit the typical sleeves and you need to spin with them.

Scratch Wars is a Czech card game with an innovative spinning game mechanic. The cards can be damaged if you use them for a long time, so I created this to protect my valuable cards.

Print the transparent.stl in transparent filament. The cover.stl can be printed in any colour. Put the weapon in the middle and enjoy!

For the best fit, push them together while they are warm so they can mould a bit to fit each other perfectly.

Disclaimer:

This is a fanmade product. I'm not accountable for any damage that might happen to your cards while using this!
