English:

Car ferry Benchy (sboatable!).

Children like ships in the bathtub.

Unfortunately, the standard benchy doesn't sboat and sinks.

This "Car Ferry Benchy" can swim and also has a car on board.

The car's wheels even turn!

The side wall is simply plugged in at the back!

Of course you can remove the car from the printing plate if you don't want to print it.

This remix is based on
