Print Settings

Printer Brand:

Creality

Printer:

Ender 3

Rafts:

No

Supports:

No

Resolution:

0.2

Infill:

20%

Filament:

[

N/A N/A](<http://www.amazon.com/s?url=search-alias&field-keywords=N%2FA+N%2FA&tag=thingiverse09-20>) N/A

Notes:

I used PETG because that was already loaded in the machine. PLA+ or PLA pro should work as well. Some post print tweaking of the slide top with a file, deburring tool or sand paper may be needed for easy function.
