Summary

Indestructible torque dampers for the Tarmo5

[Hobby & Makers](#) > [RC & Robotics](#)

Tags: [rccar](#) [rccarparts](#) [tarmo5mods](#) [tarmo5](#)

This model is designed to be printed laying sideways. Use supports for the CV inner race slots. Do not use 100% infill as it will be too stiff and ruin the rest of the drivetrain.

This remix is based on

3D Printed RC car Tarmo5
