updated 5. 8. 2024 | published 5. 8. 2024

Summary

A 2 piece hard loop for a carabiner to clip the radio to a harness similar to the rocky talkie.

Tags: uv5r

Credit to Tyler Nield and Rocky Talkie for the idea. This model prints two parts oriented for maximum strength. I didn't break test it but it's stronger than I expected and definitely stronger than the stock belt clip. Comfortably fits a Black Diamond miniwire carabiner (and every other carabiner in my collection).
