### Summary

An heart-shaped Oral-B toothbrush holder for 3 persons

[Household](#) > [Bathroom](#)

Tags: [holder](#) [toothbrush](#) [heart](#) [oralb](#)

An heart-shaped Oral-B toothbrush holder.

You can put 3 toothbruses with their brushes. It works with adult and child Oral-B toothbrushes models.

Material: PLA

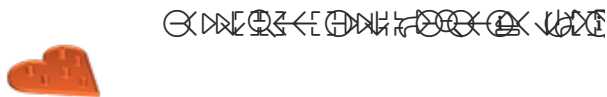

Layer height: 0.2mm

Infill: 15%

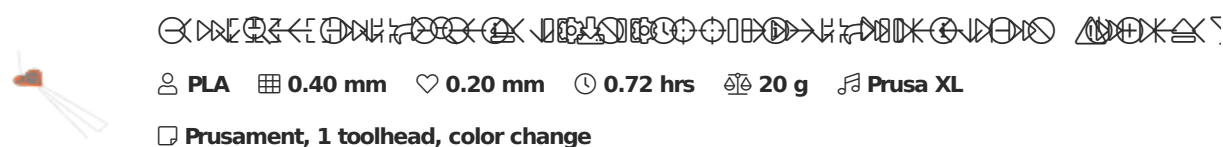

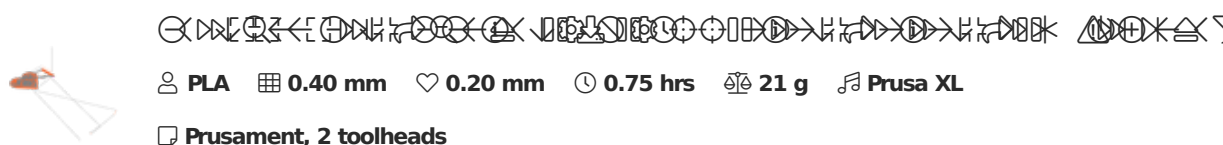

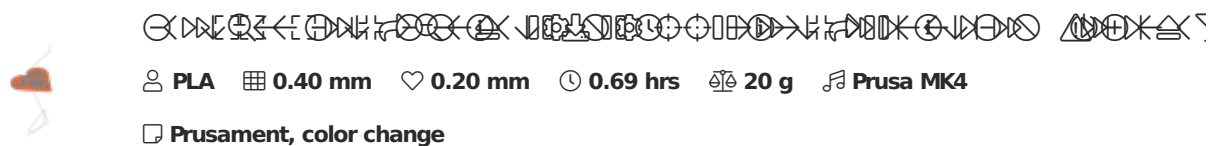

You can add a color change at 2.2mm (layer n°11).

Note: In the print files, I set the Print Settings > Infill > Advanced > Solid infill threshold area to 25mm<sup>2</sup> to make the brush holders stronger.
