updated 5. 8. 2024 | published 5. 8. 2024

### Summary

A Remix of a Dry Box by pixelwave that ditches bearings, threaded rods and parts in favor of a PVC pipe

[3D Printers](#) > [Accessories](#)

Tags: [box](#) [ikea](#) [drybox](#) [filament](#) [storage](#) [dry](#) [samla](#)

#### Required hardware:

1. 26mm OD (3/4" ID) PVC pipe 320mm long
2. Rubber/Foam Door Seal with adhesive
3. Ikea Samla 22l box with lid
4. Hot Glue
5. (Optional) Silica Gel and Moisture Sensor

#### Assembly:

- You can figure it out, you're smart :)
