Summary

Adapter Plate to fit HPI Venture SBK and RTR 1/10 scale RC trucks. This lets you install a 30% OD Transercase

[Hobby & Makers](#) > [RC & Robotics](#)

Tags: [transercase](#) [hpi](#) [adapater](#)

The HPI Venture has very limited aftermarket options and a nonstandard transmission / t-case configuration. As such there's no way to change the Overdrive/underdrive ratio of the truck.

This Adapter plate will let you use the ali/amazon knock off of the Team Garage Hack TGH Creeper-T transfer case (it might be a direct fit as well, but I can't test as I don't have one - if someone wants to measure let me know!)
